Subject: Willamette needs cleanup that's good for business

Portland's harbor jobs will suffer if the cleanup plan is too expensive. For that matter, all of our region will feel the economic impact.

The EPA proposal I've heard about may be good for the river and the fish. But I am not so sure it will be good for people, the people who depend on the river for their paychecks and to put food on the table. Please consider a cleanup that's good for the earth and our jobs.

Thanks for all you're doing to protect our river. It means a lot to people who live, work and play there.

Sincerely,
